

Rich Picture Exercise

But is it Art?

What is a “Rich Picture”?

- A Rich Picture is a visual, cartoon-like, representation of your project
- Each Rich Picture will be different based on the particularities of your project, however the following are some elements you may want to keep in mind:
 - People and actors involved (i.e. project team and other participants)
 - Relevant institutional and environmental factors (i.e. organizational structures)
 - How will the project develop over time (i.e. what will be changed, and how)

Sample Rich Picture (1)

Sample Rich Picture (2)

Goals of the Exercise

- To engage with and reflect on your project in a novel way
- To create a visual representation of the project journey
- To share your project with the other teams and obtain their feedback
- Artistic expression 😊

Practicalities

- Rich Pictures should be one piece of flip chart paper in size
- Feel free to use any and all of the materials (markers, post-it notes, magazines etc.) available!
- Time allotted: max 45 min

Rich Picture Elements (Recap)

- **People and actors involved** (i.e. project team and other participants)
- **Relevant institutional and environmental factors** (i.e. organizational structures)
- **How the project will develop over time** (i.e. what will be changed, and how)
